TechSoul AI

Software Development Proposal for plaintext

Client Information

Name : kajol

Company : plaintext

Email : nehabegum2101@gmail.com

Phone : 9879868345

Project Details

Project Type : E-Commerce

Expected Timeline : Normal

Overview : TechSoul AI is pleased to present this proposal to plaintext and its representative, Kajol, to design and deploy a high-performance, custom E-Commerce platform. In today's digital marketplace, a robust online storefront is essential for driving revenue and fostering brand loyalty. TechSoul AI will leverage its technical expertise to engineer a secure, scalable, and intuitive solution tailored to plaintext's operational needs. Our development methodology integrates advanced security protocols, seamless system connectivity, and real-time backend synchronization. We will implement a secure user login system to enhance customer trust, integrate powerful APIs for extended functionality, and establish an automated inventory management system to streamline stock control. By aligning our agile development process with your strategic objectives, TechSoul AI guarantees a seamless transition from concept to launch within the specified normal timeline and budget of ■102,400. This digital solution is designed not only to elevate your digital footprint but also to optimize daily operations, ensuring plaintext achieves long-term, sustainable online growth.

Cost Breakdown

Item	Amount
Project Base Price	■ 80,000
Selected Features Cost	■ 0
Timeline Multiplier	1.0x
Discounts / Scope Adjustments	- ■ 0
Taxes (18% GST)	■ 14,400
Annual Maintenance (10%)	■ 8,000
Final Estimated Total	**■ 102,400**

Project Deliverables

• Complete Clean Source Code Git Repository access
• Functional staging and production database setup
• Full mobile/desktop responsive design implementation
• Secure administrator dashboard panel
• External payment and API service integrations
• Hosting server setup and domain configuration support
• Complete technical system architecture documentation
• Post-launch administrator operational training session

Support & Warranty

Warranty : 90 Days post-launch guarantee

Maintenance : Comprehensive annual support options

Bug Fix Period : Complimentary critical bugs fix during warranty

Terms & Conditions

• Proposal quotation remains valid for 30 days from document receipt.
• Development begins immediately upon advance invoice payment approval.
• Scope variations requested after project commencement are billed separately.
• All intellectual property transfers to client upon final milestone payment settlement.
• Timelines are subject to user assets receipt dependencies.

Thank You!

Thank you for choosing TechSoul AI as your digital development partner.
